

“LINDOS BLU, Luxury Hotel & Suites”

Community Policy Statement

The managers and owners of LINDOS BLU share the commitment to ensure positive relationships between the hotel and the local community and businesses.

LINDOS BLU hotel has positive social and economic impacts wherever possible and minimises or eliminates instances of negative impacts.

Our Community Policy and primary goals are as follows:

1. Certification

In order to satisfy broader sustainability criteria including the socio-economic impacts and staff welfare, recognized sustainability awards will be achieved

The Hotel also works with local schools and colleges upon request to provide accommodation and where possible, work experience opportunities.

2. Purchasing

LINDOS BLU hotel purchases and promotes products from the local area, whilst ensuring that quality of food does not compromise the comfort of our guests. This will help reduce CO2 emissions from transportation of products from international destinations. Wherever possible, we pay our suppliers within the credit terms they request. Additionally, local service providers are used in preference to multinational companies wherever practicable.

3. Employment

The hotel recognizes the importance of recruiting local people as preferred employees. This increases the likelihood of monies being spent in the local community. Additionally, it encourages local residents to stay within the community, rather than seeking employment outside of the community. The policy preserves our destination, which is the base for prospective and repeat guests.

4. Donations and Charity

LINDOS BLU hotel donates items such as furniture or linen that are no longer suitable for use within the hotel, to local organisations that may benefit from them (e.g. schools, local hospitals, community groups, etc). The hotel also carefully considers how it may help the local community by the provision of in-kind support, meal donations for local events, etc.
